## 33 Employes At Daystrom, More Sought

With 33 of a needed 50 employes now at work in Daystrom-Pacific's newly reactivated plant in Upland, Manager Cecil A. Richardson now foresees the addition of a night shift crew in January.

Filling a contract with International Business Machines for electronic computers, the Upland plant at 'A" St. and Sixth Ave. is now in its second week of operation since reopening.

The interior was rearranged and repainted and a storage building will soon be rented to facilitate the present operation. Mr. Richardson said he still needs women employes (25-54) who have finger dexterity for electronic assembly work. Such employes must first pass the State Employment Office dexterity test given by Lyle Robertson of the Ontario office.

Mr. Richardson hopes to realize the needed 50 employes—45 of them women— in the immediate future and add a third more personnel for the night shift operation next month.

### Nicholson Urges Change

## Councilmen At Odds On Employee System

Upland's long-time practice of using laborers on a part-time basis, laying them off after five months of steady employment to avoid placing them on a retirement program, is still an issue of major contention with Upland City Councilmen.

**The situation was aired earlier this fall when Councilman John Nicholson reported he had received complaints in regard to the practice. After City Manager Elwin Alder explained the system, the Council took no action to change the procedure.**

Councilman Nicholson again presented the subject for discussion Tuesday night and urged that some action be taken. He presented a list of 29 Upland citizens with whom he had discussed the city practice and reported all were unanimous in their opposition to such a procedure on grounds of unfairness, morale, moral obligation and poor economy.

Mr. Nicholson said he asked each of the citizens a direct question as to their opinion on the city policy of laying off part-time employes after five months and rehiring them a month later, thus avoiding placing them on a retirement program.

The Councilman said he had checked the payroll records of five city employes affected by the system and found that in general they are consistent, steady city employes—one having been with the city more than five years and another more than seven years.

**"It boils down to working almost full time but receiving none of the benefits of full-time employment," Mr. Nicholson concluded.**

Hotly contesting this theory was Councilman William Kistinger, who declared the city owes security to no employee and pointed out that the lay-off system affects only field laborers and not skilled labor. He added that persons so employed are not required to return to city employment when they are laid off after five months. "If they don't like the system, they can find another job," he emphasized.

Councilman Philip Holden interjected the statement that when the city practice was first discussed, he had gained the impression that only seasonal help was involved and that no employee continuously employed (except for the month-long lay-offs every five months) was affected.

**City Manager Elwin Alder said this "is not the case with a majority of city employes—only five or six employes at most are affected during any normal time." He also reported that "each employee rehired has asked to return to his job and the city has honored the request by holding the job open for the man 'during the month-long periods he has been laid off.**

Mr. Nicholson theorized that even a laborer has the right to security in his job, and that if the City Council concerns itself with retirement and benefits for any employee, the laborers should be included. Mr. Kistinger retaliated with the opinion that a man takes a job with the full understanding that it has a five-month maximum, and therefore the city has no obligation to such an employee. "If a man is interested in a permanent job with scrutiny, he should find such a job," the Councilman declared.

With no solution in sight, the Council referred the matter to City Manager Alder for study and report back in 60 days. The possibility of having two or three full-time employes rather than a varying number of part-time employes throughout the year, was suggested by Mayor Abner Haldeman. The possibility of realizing this plan, by "stacking" work, is to be considered in Mr. Alder's study.

## Scouters Awarded

At the recent Serrano District annual Unit Leader Recognition Dinner, awards were made to several outstanding Scouters of the district.

Old Baldy Council President Andrew Johnson of Red Hill presented two awards, both Scout statuettes. One went to Edward A. Girard Jr. for a year of outstanding leadership in the district chairmanship.

Herbert Hall of Alta Loma was the recipient of the second statuette award, in recognition of high achievement during his seven years as district commissioner. The award was made in absentia.

A new award, the District Merit Award certificate, was accorded two Scouters, Neighborhood Commissioner Stewart Poling of Mt. Baldy (in absentia) and Tony Rodriquez, scoutmaster of Alta Loma Troop One, who accepted with remarks on his Scouting experiences dating to 1936 and his debt to Scouting.

Veterans awards were made by District Advancement Chairman Howard Kilmurray to Thomas Cleland and Stewart Poling, for 10 years of service to Scouting; William Turner, Robert Scudder, Jack Kennedy and Edward Shottafer.

Mrs. Harry Dier received a three-year Den Mother's Training Award, presented by Mr. Dier, a neighborhood commissioner, for Raymond "Bud" Smith, district training chairman.

## Mid-January Start Seen For $250,000 Mobile Home Park

Upland's quarter million dollar trailer park is scheduled for construction in mid-January and architects are now at work expanding the original plan to provide a less regimented street and site pattern and a more deluxe development.

John B. Danis of Redondo Beach is the developer, having purchased 18½ acres from R. V. Ward, pioneer Upland citrus rancher, on the north side of W. Arrow Hwy., east of Benson Ave. The site extends north to 11th St.

**A zone change from M-1 to A-1 was given final approval for the parcel Tuesday night as Upland City Council adopted an ordinance incorporating the zone change.**

Ten acres are scheduled for immediate development by Mr. Danis, but with new plans being prepared, the area may be expanded to include more of the 18½ acres.

Also concerning the trailer park proposal was a second matter before the City Council. City Manager Elwin Alder explained that the new Trailer Park Ordinance requires a 2250 square foot site for each mobile home with 45 feet across the frontage. He said the frontage requirement was provided as most sites include auto parking areas, but a new type of plan being considered by Mr. Danis provides group parking bays away from the mobile homes, and thus the park pattern would not require the 45 foot frontages.

The council voted in favor of preparing an ordinance amenment which would allow the city engineer to permit minor changes in the frontage requirements where the overall plan is not down-graded by such change.

## Places of Public Meeting In For Safety Survey

A survey of all older buildings used for public meeting in the City of Upland will be surveyed by Upland Building and Fire Departments, as ordered by City Council vote Tuesday night.

Councilman John Nicholson suggested that with the tragic Chicago school fire serving as a reminder, it was in order for the city to review the safety of local schools and other places of public meeting, especially older structures, to determine how they adhere to specifications and requirements of city ordinances.

The survey order was passed by unanimous vote of the council.

## Iowa Tests Rank Upland High With Nation's Best

BY POLLY PICARD

Upland High School's senior class ranks in the top six per cent of students tested in the nation-wide Iowa Tests of Educational Development.

This good news was received on Friday by Thomas M. Glasheen, vice principal of Upland High School.

Preliminary results of the testing were quickly distributed to the faculty by the elated Mr. Glasheen. "I am trying to be objective about this," he said, but his pleasure was evident.

**Half Million Tested**

The tests are designed to measure fundamental general abilities. They are concerned, not so much with what a student knows, as what he is able to do with the knowledge he possesses, according to Glasheen. Over half a million students throughout the country participate in the testing each year. The results usually are announced late in December.

There are nine testing areas basic social concepts, natural science background, correctness of expression, quantitative thinking, interpretation of social studies, interpretation of natural sciences, interpretation of literature, general vocabulary, and sources of information.

**Measure Learning**

These tests, when given annually, measure what the student has learned and how well he is able to use the following areas of learning: to understand and make use of the English language; to do practical mathematical reasoning, to understand the principles of natural sciences and to think straight about common scientific principles; to understand the principles of the social sciences and to think straight about common social principles.

Results of Upland's tests rank the classes in the following percentiles: seniors, 95th; juniors, 91st; sophomores, 85th; and freshmen, 65th.

**Classes Show Gains**

The 10th, 11th and 12th grade classes have demonstrated outstanding gains in the year since they were previously tested. The 10th grade class is 34 percentile score of a year ago. The 11th grade increased 32 points, and the senior class increased 12 points.

Mr. Glasheen said that the freshman class, with a composite score of 65, has the highest 9th grade composite yet to enter Upland High School.

**In Top 16 Per Cent**

"It is interesting to note that the composite of the sophomores, juniors and seniors places them in the top 16 per cent of the nation," Mr. Glasheen commented.

When asked to what he attributes the phenomenal growth, Mr. Glasheen cited several factors: the quality of the students and the urge to do something tangible in school work; the quality of the teaching staff and instruction, awakened interest of the parents in education, and a well-equipped school plant.

Much credit was given to the parents. "We have concrete evidence of their interest in education—look at the attendance we have at any school event—think of the hundreds that appeared at Back-to-School nite, P. T. A. programs, athletic events—this shows how interested the parents are," Mr. Glasheen said.

"Small drop-out figures show that the students want

## Ontario Gives 25-Year Site For The Oasis

A one-acre site for 25 years at a cost of $1 per year has been provided The Oasis, Chaffey District Youth Organization, Inc., by the City of Ontario.

Tuesday night the Ontario Councilmen voted to provide The Oasis with a building site in George Gibbs Park, east of Benson Ave. on Fifth St. and adjacent to El Camino School. The balance of the 2½-acre park is used for a Little League baseball diamond.

Bruce Grube, president of The Oasis, expressed sincere gratitude to the Ontario Council for its action. "The long dormant building fund can now be put to use to serve the youth of this community," he said. "We are thankful for this most wonderful Christmas present."

## Additional Day Off With Pay For City Employes

Upland City employes (permanent-full time) will receive an additional holiday with pay this Christmas and New Year's season.

In accordance with additional time off being provided employes by other cities, the City Council on Tuesday night voted to continue the practice of a half-day off on Dec. 24, a full day off Dec. 25, plus a full day off with pay on either Dec. 26 or Jan. 2. By alternating the personnel in time off on the latter two dates, fifty per cent of the employes would be on duty on both days.

# Neighborhood Christmas Displays Delight Community

BY JOEL BAUGH

Lollipop Lane, Candy Cane Lane, Christmas Tree Lane and many memorable home displays representative of the festive part of the Christmas season are now being viewed by hundreds of residents and visitors.

**Saturday evening, 5:30 o'clock, will mark the lighting of Upland's famed Nativity Tableau, the block-square neighborhood project representing the sacred origin and joy of Christmas.**

In this display, Christ is fully dominate in Christmas.

Twenty-two neighbors on Arrow Hwy., Sixth Ave., 'F'" St. and Campus Ave. annually present the tableau with wooden figures and lights in every yard.

Motorists should proceed from the point of beginning at Arrow and Campus, west on Arrow, north on Sixth, east on F and south on Campus, following the story of the Birth of Christ in sequence, with each display explained by words from the Scriptures.

This year the display will be lighted the Saturday before Christmas and remain lighted each night through the Saturday after Christmas, Dec. 27, according to Warren Wilken, neighborhood project chairman.

"The Christmas Story" is presented by the following 21 neighbors:

On Arrow Hwy., the Bill Schneiders, the A. L. Eshelmans, the Harry Wrights and Mrs. Pearl Hadley; on Sixth Ave., Mrs. Harmes & Mrs. Ruth; the John Zets', Mrs. Stella Whitney, the Gibson Foxes, Mrs. E. Hough, the Warren Wilkens; and Miss Florence Armstrong;

On "F" St., Mrs. Mary Schneider; on Campus Ave., the Peter Kilzers, the Cyril Tulleys, the Arthur Storms', the Homer Greears, the Bert Frenches, the Deryl Michaels, the Elmer Colemans, the B.A. Eckmans and the F. H. Christensens.

**For the third year, Candy Cane Lane, originated by the Allen P. McGowans and readily adopted by their N. Second Ave. neighbors, is attracting motorists.**

A huge cane added last year at Foothill and Second by Bob and Dave's Service identifies the Lane for passing motorists on Route 66.

The 30 families and one service station participating in the three-block long Candy Cane Lane are: Messrs. and Mmes. A. P. McGowan Jr., John Belcher, J. C. Thompson, Stanley Dukiewski, Jarvis J. Leman, George Gibson, William Keirn, E. O. Bowden, Claude Moore, Sydney Urwin, J. C. Stamm, Clyde W. Jones, J. F. Skinner, Harry Reading, E. E. Carter, Roy A. Ray, Harold Wise, O. E. Hirschler, C. F. Eppler, Arthur Turner, Merle Rash and Dale Miller;

Mmes. William Keller, Fern Reisner, William McGee and Betty Ring; the Rev. and Mrs. T. A. Hart, Dr. and Mrs. James Beggs, Miss Julia Rugg Walter Withrow and Bob and Dave's Service.

**Being repeated this year is Lollipop Lane, originated last year by Mrs. Charles T. Doyle Jr., for Vine, Greenfield Ct., Elizabeth glane and Verdugo Way, to add another colorful holiday treat for the community.**

This year the participating residents have added to their displays, with the Doyle and A. W. Stremmel homes at the corner of Vine and Greenfield creating a veritable fantasyland with a Nativity scene reminiful of the true meaning of Christmas on the Doyle lawn. They also have a Santa Claus and reindeer display, the lollipop grouping and countless multi-colored lights. The Stremmels have added Santa's workshop and elvs to their Santa and his reindeer (on the rooftop, choir boys, lollipops, candy canes and myriad lights memorable from a year ago.

Residents presenting Lollipop Lane for the second year are Mr. and Mrs. Dave Love, Verdugo Way; Messrs. and Mmes. Harley Snyder, Ray J. Ziccardi, Shelby Forrest, Norman Vadnais and Stremmel, Greenfield Ct.; Messrs. and Mmes. Doyle, James Doud, Horace Rickert and Mrs. Ella Twitchell, Vine; Mrs. Albert Dalla Rosa, Messrs. and Mmes. Jack London, Arthur Train and Fred Schmidt, Elizabeth Lane.

The displays are lit at dusk and turned off as the residents retire. The neighbors held no meeting regarding Lollipop Lane but mutually agreed that it should be continued annually. Each year, other displays are added to this attraction as in other growing neighborhood presentations.

**A new neighborhood Christmas decoration effort this year is the virtual fairyland of N. Laurel Ave., between 15th and 16th Sts., where the two-story, provincial homes lend themselves to fairyland decoration. Strings of multi-colored outdoor holiday lights outline the steep roofs of the homes to create a Christmas fantasy.**

**This yuletide lighting was originated by Mr. and Mrs. Howard Scarborough, who had cooperated in a similar neighborhood project when they resided in Sherman Oaks.**

Residents presenting the "lane of lights" include Messrs. and Mmes. Frank Beck, Lloyd Fletcher, Joseph Day, Arthur Pruitt, T. M. Castellaw, J. B. Jaquess, Robert Sturdevant, John Lucas, Leon Lucas and Scarborough, and Dr. and Mrs. Robert Chaffer.

Also on the street and joining the display are Mr. and Mrs. Robert Meehan, whose residence has been arrayed as a house of lights, with several hundred Christmas lights in brilliant, multi-colored array. Women of the neighborhood met this week to work on decorations to make their home interiors as decorative for the holidays as the exteriors.

## Sudden Death In Five-Car Freeway Collision For Popular UHS Teacher

WAYNE E. MINTON

Rites are pending at Edwards Bros. Funeral Home in Los Angeles for the late High School music instructor, who was killed instantly in a five-car collision on San Bernardino freeway Tuesday morning.

The youthful (29) director of the Upland High School string orchestra and chorus was en route to his teaching duties here when he met sudden death on the freeway in West Covina.

**Failed To Appear**

When he failed to appear for his first period class, Principal Alexander McLeish asked for a check by Upland police Dept., who learned from the California Highway Patrol of the popular teacher's traffic death.

Surviving are the widow, Patricia, and two small children, Marty, 4, and Craig, 15 months.

Mr. Minton, a resident of 5122 Sereno Dr., Temple City, was motoring east in the right-hand lane of the freeway when his foreign sports car went out of control, crossed the center and lefthand eastbound lanes, jumped the divider barrier, and was struck by a westbound auto and spun about into a second westbound car. The impacts hurled the victim back into the eastbound lanes where he was struck by a car and hurled back into the path of a fifth car in the westbound lane.

**Music Background**

Born in Frankfort, Ill., Mr. Minton joined the Upland High faculty in September, and had organized the extra-curricular Madrigal Singers. A composer and arranger, he had heard several of his works performed. Last year he was with Los Angeles County Welfare Department in Aid To Needy Children.

An Air Force veteran, he had played with the Air Force Band. His previous teaching experience was in Illinois, and he had also had professional music experience.

## Highlanders PTA Nominating Group Named

Upland Highlanders PTA, at its December meeting, enjoyed an excellent program of Christmas music.

Under the general direction of Elbert Warren, head of the music department, a program of both instrumental and vocal music was presented by girls choruses, madrigal singers, girls ensembles, the a capella choir, the orchestra and school band. Ron Penn and Ceil Kadunc, students, acted as masters of ceremonies and Wayne Minton of the music department was in charge of instrumental numbers.

A nominating committee to select a slate of officers for the coming year was appointed and includes Walton Wolfe, Alexander McLeish, Ralph Bentley, Ralph Chapman and Clyde Kimball. Mrs. Alfred Elliott was appointed to serve on the Ontario Council nominating committee.

Members were reminded that inquiries about PTA scholarships should be in this month to either W. W. Woodward, president, or Mrs. Harris, president of the Fifth district.

City Park Not In City

# Annexation of Park, Penfold Property Is Considered

San Antonio Park is owned by the City of Upland but it is not in the city limits.

This situation came to light Tuesday night as Upland City Council studied a possible annexation of property to the city in the area of Mountain Ave. and 24th St., which form the southeast corner boundary of the park.

**In this area, 24th St.—contiguous to the park—is the city's north boundary, so the park could be annexed to the city with no difficulty in this respect. Left unanswered was the question of why the park has never been annexed to the city.**

**San Antonio Park was originally Pacific Electric Park, and the site of a PE station. A deed provision gave the park to the city and improvements thereon have been made by private individuals,** organizations and the city.

The park situation was aired after a request was received from Frank M. Penfold, 2408 N. Mountain Ave., for an extension of water service to his property. The city for many years has provided water to the county area property, formerly a chicken ranch, and Mr. Penfold proposes to subdivide the parcel into four lots, requiring three additional water meters.

Considering annexation of the Penfold property to the city as the best solution to the problem, past city policy having been not to extend water service outside the city limits, the Council authorized the city engineer to prepare a map showing the Penfold property, San Antonio park and those portions of street right of way that would be annexed.

Such a map will be presented at a later meeting for further Council action. As the Penfold property is not contiguous to city property, the park would necessarily be included in the annexation petition as it adjoins both city area and the Penfold property.

# Miller Succeeds McLeish As Kiwanis President In Colorful Ceremonies

In retirement, and debunking at the annual installation banquet of Upland Kiwanis Club, Alexander McLeish was retired from the presidency and Robert P. Miller installed by Past (1957) Lt. Governor Al Holmer, Division 15.

The event took place Dec. 9 in the Golden Bull restaurant banquet room at Rialto with Immediate Past President John Nicholson serving as master of ceremonies.

**Installed as 1959 officers of the Upland Kiwanians with Mr. Miller were Rayburn Anderson, 1st vice president; Lyle Fry, 2d vice president; Clark Boesen, secretary, treasurer, and Mr. McLeish, immediate past president. They succeeded the slate composed of Mr. McLeish, D.A. Gannon, Gordon Berger, Messrs. Boesen and Nicholson.**

Serving on the 1959 board of directors are Messrs. Gannon, Nicholson, Phil Born, Cal Jordan, Max Hawkins, Leslie Standlea and Calvin Shores. They succeed retiring directors Born, W. W. Woodward, Anderson, Fry, George Brannan, Silas Harvey and Miller.

Special guests and speakers on the program were Dr. C. Norman Abbott of Upland, 1947 governor of Cal-Nev-Ha district of Kiwanis; Mr. and Mrs. James Wolfe (he is 1959 Lt. Gov. of Div. 15) of Sierra Madre, Mr. and Mrs. R. W. "Bill" Straub (he is 1958 Lt. Gov. of Div. 15) of Monrovia, and Mr. and Mrs. Holmer of Ontario.

**The Kiwanians presented Mr. McLeish with a rod and reel in appreciation of his year's service as club president, and also gifted him with the traditional past-president's placque and pin.**

A riotous debunking of the 1958 president including having him 'arrested" by Califorina Highway Patrolman Richard Carr, having Dr. Abbott in Highland kilt regalia present him with full Scottish regalia, after his thriftiness over the past year was given some close, if careless, scrutiny by Mr. Nicholson. Mrs. Gordon Berger aided Mr. Nicholson in giving a forecast of the 1959 program under the sage leadership of Mr. Miller.

Formal entertainment for the program was directed by Gordon Berger, who presented the singing Black Sisters of Mt. Baldy, Jeanne and Janie, and Billy Strange, radio and TV vocalist, who accompanied them on the guitar and also sang and provided comedy routines. The Black Sisters, regulars on the Hometown Jamboree TV program until it went off the air recently, are singing professionally. They were loudly applauded by the Kiwanis group.

## Mosaics In Exhibit Here

An exhibit of mosaics is now on exhibit in the upstairs gallery of Assistance League of Upland's Chapter House, Second Ave. and "F" St.

Mrs. Philip White, gallery chairman, reports that students of Artist Tony Ivins are showing examples of the use of different materials and their various treatments in mosaics.

Two glass mosaics, unusual for their glass on glass approach, are the work of Isabel Whitney of Upland. They are titled "Turtle" and "Fish." Kathryn Arnett, with pebbles from a trip to Arizona, fashioned a mosaic rugged in color and design, "Santa Fe Mission."

Two well designed pieces of delicate color, "Star" and "Abstraction" are the work of Joe Suty of Fontana and Roger Dunlap of Ontario, whose matrial was cut tile.

Hanging with the mosaics are watercolors by Winifred Batchelor, Mary Burnham and Elizabeth Smith. The exhibit of silk screens downstairs will continue through the holidays, Mrs. White reports.

The exhibits are regularly open in the Chapter House on the second and fourth Tuesdays, 2:30 to 4 p.m.

Chaffey Engineers Club initiated the trip for students interested in the three fields of study mentioned.

The group was briefed on Photogrammetry at noon by Instructor George Beardwood before they left to visit the Chrysler assembly plant and the Fairchild Aerial Survey. The group climaxed the day by attending the Spade Cooley TV Show at KTLA in the evening.

Club officials who organized the event include Lester Weaver, president; Kenneth Williams, vice president; Dale Cook, recording secretary; Marianne Mayfield, corresponding secretary; Helmut Sonnerborg, treasurer; Grant Elliot of Upland, field trip chairman. Sponsors are Arthur Flum, Lewis Grimm and Ray Webb.

The Chaffey collegians participating included the following Greater Upland students: Don Toppenberg, John Entner, Louis Ayala, Ronald Fisher, Kit Evans, Philip Bowers, Margie Rempfer and Helen Murphy, all of Upland; Harry E. Smith, Paul Stebritz and R. J. Cummiskey, of Cucamonga.

## Six Academy Students Earn Honor Pins

Upland Academy announces the names of students who have earned Honor pins during the first quarter of the year. In a recent chapel program Principal Harold Sider explained that honor students have earned a B plus average. They have the privilege to wear the pins during the following quarter and may keep them permanently if they earn honors during three successive quarters.

Honor students named are Norman Bert, Linda Book, Judy Bowers, Bob Lightner, Annette Price and Ben Showalter.

A tea in their honor was given during the period following the chapel announcement. At a time later in the year the honor holders will be given a one-day educational tour at school expense and on school time.

# Nolan Zone Request Back To Planners

A petition to initiate a change in zoning from R-1-C to R-3 for the 20 acres at the southwest corner of Mountain Ave. and 11th St. will be forwarded to Upland Planning Commission in session Dec. 26 by Upland City Council.

This action was taken by the Councilmen at the Thursday night meeting when Attorney William Walk appeared to represent Joseph Holan, who had originally submitted such a petition. The Nolan petition was not granted on the grounds that it was illegal as all property owners within the 20-acres involved had not signed the petition and were not in favor of the proposed rezoning.

Mr. Walk argued for the Nolans that this requirement of the city is not according to state law and that the petition should be honored. City Attorney Busch concurred hat a legal question does exist and recommended the City Council initiate the Nolan petition.

# Celebrate Seven-Year Local Ministry Of T. A. Hart

"After Seven Years, We Love You, Tut and Jean" read the poster over the entry to the Educational Building courtyard of First Presbyterian Church.

The Sunday afternoon event was a surprise fete for the Rev. Trusten A. Hart and his family, in celebration of his seventh year as Upland First Presbyterian Church's pastor. Several hundred members and friends of the church were on hand to honor the Harts.

**Men In Charge**

A program extolled the virtues of not only the preacher and his lovely wife, but also those of the selection committee responsible for bringing the Rev. Mr. Hart to the Upland church in 1952. Men of the church planned and engineered the party.

Spruce boughs set the holiday motif in the courtyard, and serving tables were in winter white and green. Masters of ceremony for the program, referred to as effervescent entertainment enterprisers, were Burton Jackson, who led in carol singing, and Allan G. Smith, who provided the reminiscing over the past seven years.

**Tour Shortlived**

Perpetrating the plan to perplex the preacher—getting the Hart family to the surprise party—was Dr. Daniel B. Milliken, whose promised personally conducted tour of the Chaffey College site took the Hart's no farther north than 869 N. Euclid Ave.

Other congregation members aiding and abetting the anniversary were the following:

**Aiders, Abettors**

Paragons of poster painters, Mr. and Mrs. Ernest Fischer; Top o' the Totem Pole Table Toters, William Butts and Warren Fuller; DeLovely Decoration Department, Mrs. Milliken and Miss Adele Milliken; Bubbling Beverage Battalion, Harvey Shirk, John Engle and Alexander McLeish; Jumpin' Java Juicers, George Beardwood and Harry Callaway;

## Clear Site For $175,000 Structure

Only a memory is the old Norton house at the southwest corner of First Ave. and C St. Here the job of wrecking the house had begun, after the three houses immediately south on First had been razed. The early-day residences were removed under the supervision of Glenn Wright and Harold Stickney, right foreground above, to make way for the $175,000 Education Building of First Methodist Church. The two lay leaders are in charge of volunteers from the church membership who are clearing the site.—NEWS Photo.

## Deep Religious Moral in New Play Here Saturday

Fine public response to the past work of the Platform Arts Class of Upland Academy has brought forth a new production scheduled for the audience Saturday, 7:30 p.m. The class under the direction of George Hostetler will stage a new play with a deep religious moral entitled "The Tinker."

Upland College Chapel, W. Arrow Hwy., will be the location for the play. The author of the play locates the contemporary family charactors of the Whitney family in the home of a small eastern town.

The Whitney's are a famil with a low income, but a high taste for money. Into this home the author brings the 'Tinker" who not only mends broken clocks and such, but also has a knack for tinkering with broken hearts and warped minds.

On the ve of Christmas the g"tinker" begins his repair by taking the family all apart, but for awhile it looks like he has tackled a job which he cannot finish. However, in the heartwarming finish he helps the Whitney family to iscover in each other true companionship of far greater value than any material blessing.

The cast of high school students is Phylis Hostetler, Fred Koning, Ronald Goins, Gerald Eckman, Norilyn Shockley, Larry Clays, and Sue Leach.

The play is open to the public.

## Theall Resigns From Commission

Robert G. Theall's resignation from Upland Planning Commission was accepted with regret by the City Council in session Tuesday night. No appointment to fill the vacancy was made.

He also reported a complaint of speed on Central Ave. and a request for a blinker light at Arrow and Central, as previously recommended by Upland Safety Council.

Bianco, president; Mrs. Milton Fisher, past president, and Mrs. Fred Strohte, Safety chairman, prepare the safety check forms sent home with the students riding bicycles to school. ## Bike Safety Check Made At School

A bicycle safety check was conducted recently during the physical education periods, for all Upland Elementary students who have bicycle permits. Sgt. Felix Quesada with the assistance of school and PTA representatives, directed and presented the program.

Seventy-five students underwent tests, riding down a simulated street and intersection that had been set up. Safety rules such as methods of approaching an intersection, stopping, arm signals and proceeding through the intersection were given, with results for each student taking the test tabulated and sent home to parents.

A safety booklet given to each participant contained a message to parents on safety aims, a safety pledge which participants read and signed, and a check list which denoted the condition of the vehicle, safetywise.

This bicycle check was the second phase of a safety drive, prior to the holidays, intended to reacquaint students with safety rules, so as to help make vacation days "Safer for Bike Riding Days."

Following are the people represented on the safety committee: Sgt. Quesada, Upland Juvenile Officer; Richard R. Riley and Oliver Soderberg, school representatives; and Mmes. Frederick Strothe, Milton Fisher and John Bianco, PTA representatives.

## New Spanish Club Follows Traditions

Traditional Spanish Posadas was sung by Upland High School's Spanish Club, as it joined with several other such clubs in observing a Spanish Christmas, last week.

Meeting at Pomona College, the students, carrying lighted candles, made the traditional nine stops to sing before the doors of the President of the college, the various dormitories, and the Claremont Inn. They sang Spanish carols at each stop.

At the last stop, as it is done in Spanish-speaking countries, the carolers were invited in, and a festive party ensued, with Uplander Karen Bye being the first one to break the pinata. The UHS students spoke Spanish all evening with students from Spain, Mexico, and Nicaragua, and reported that they were pleased and surprised that they could communicate with them in Spanish.

They were accompanied by Rafael Maestas, sponsor and Spanish instructor, who spends each summer in Mexico City, and is well-versed in Spanish culture.

Members of the newly-formed club are: Lawrence Lauer, president; Ellaine Quaschnick, vice president; Karen Bye, secretary; Rebecca Herrera, treasurer; Barbara Caronel, Laura Bye, Erika Swoboda, Judy Long and Maria Flores.

to remain in school and learn. We have evidence of progress in the classrooms, but the students must want to learn, he continued.

"We also have an orderly teaching environment. Behavioral situations are not allowed to interfere with the educational processes. The teachers spend their time teaching, not meting out discipline.

**Principal Cited**

"Much credit goes to the principal, Alexander McLeish, who, with his magnetic personality, attracted the best teachers. He has the ability to reach out and touch everyone from the newest faculty member to the oldest in point of service. The students know and respect him.

"Spirit of the community has much to do with this, by making possible the use of our modern, well-equipped school plant," Vice Principal Glasheen said.

**Phenomenal Growth**

"I realize that this may sound a little over-done, but we have cold, statistical facts based on norms throughout the nation, to back up our statements. Every class in school, each year since if opened, has shown educational growth. This year, the entire school shows phenomenal growth."

Glasheen concluded with the thought that the principal, the staff, the students, the parents, and the citizens of the community may take the fact that their school has been ranked as one of the very best in the country and hang it on their Christmas tree—a truly magnificent gift, rightfully deserved.

OPENING THIS WEEK END is the $120,000 Mobilgas service station at Euclid Ave. and Ninth St., with Bob Severson (inset), owner, inviting all area motorists to participate in the opening event. — NEWS Photo-Montage

## Mobilgas In Week End Opening

Upland adds a new businessman, a new family and $120,000 with the formal announcement of the opening of the new Mobilgas Service station at Ninth St. and Euclid Ave. this week end.

Bob Severson, who recently became a member of Upland's business circle, is the new owner of this business. Allen and Hargrave, distributors for General Petroleum Products, brought about the development of this valuable corner, once the site of Upland Presbyterian Church.

Mr. Severson comes to Upland from Glendora where he has been in partnership in a Mobilgas station operating under the Allen and Hargrave distributorship. He sold his interest in Glendora to the new Upland station.

Mr. Severson is a native of Illinois and a California resident for the past six years. Five years of that time has been in the Glendora Mobilgas business. He was with International Harvester and Caterpillar Tractor Co. before coming to California.

Married, he is the father of two teenagers. David, 16, is a high school sophomore while Diann, 13, will be in high school next year. Mrs. Severson and the children will remain in Glendora until after the school year at which time they will move to Upland, Mr. Severson said.

Try adding a small amount of baking powder to potatoes to be mashed. They will turn out delightfully light and fluffy.

# 34 Years With Sunkist Ends For Stevens

J. W. Stevens, Upland resident of 443 N. Euclid Ave., is today in retirement with 34 years with Sunkist Growers Research Department a closed career.

Mr. Stevens was honored Friday night by his associates and friends—60 strong—at a testimonial retirement dinner given in the Magic Lamp Inn.

Dr. Glen H. Joseph, Sunkist Research Department, Corona, served as master of ceremonies. Congratulatory talks were given by D. R. Thompson, general sales manager, Products Department of Sunkist Growers; Williard Baier, director of research for Sunkist Growers and Mr. Stevens' department head; Ralph H. Higby, chief chemist for Orange Products Division, Sunkist Growers; James A. Finley, managing director of the Orange Products Division of Sunkist, and Robert P. Miller, personnel director for the same division.

Mr. Stevens was presented with a transistor radio in travel case and other appropriate gifts.

An Uplander since 1946, Mr. Stevens came to Ontario in 1926 after joining Sunkist at the original San Dimas plant of Sunkist in 1925. His organization work has been with scientific groups.

No definite plans for the future have been made by Mr. Stevens. His children are Mrs. Sally Vandegrift of Sacramento and his son is Richard P. Stevens of Upland. There are two grandsons, Steve and Paul Vandegrift.

ADD 1-34-3 34 YEARS . . . ...

Mr. Stevens, who began with Sunkist in the pioneer days of its orange products developments, is a graduate of Mississippi State College and University of Wisconsin Graduate School. He received his MS degree in bacteriology and chemistry at the latter institution and completed work for his doctorate, on which he lacks only the final examination.

He is a member of American Society of Bacteriologists, Institute of Food Technologists and American Public Health Assn.

## City Returns $59,000 of $63,944 Total

$59,000 of a total $63,944 has been returned to subdividers of residential areas in the city by City Clerk Hazel Cassell.

Mrs. Cassell expects to complete repayment of the total amount to the subdividers by Jan. 1, after which the statute of limitations will have run on a majority of the claims.

Payment of several of the claims have been delayed by legal questions but Mrs. Cassell anticipates clarification of these questions in adequate time to complete the payments.

The $63,944 is being returned to subdividers who paid amounts into the park and school site and subdivision drainage funds. A decision of the Superior court, holding such collections by the city illegal, necessitates return of the monies to the subdividers.

## Chappell Now With Thomas Vineyards

Clifton Chappell today is in a new position after many years with Cucamonga Water Co.

Mr. Chappell is now associated with Thomas Vineyards, having completed the dissolution of the Cucamonga Water Co. after a period of six months' work. Formerly manager of the water company, which was sold to Cucamonga County Water District, Mr. Chappell remained with the district until the dissolution was completed.

Norman Hixson, manager of the Water District, lauded Mr. Chappell for his invaluable work in the dissolution procedures. In both his former and present positions, Mr. Chappell's service is with historic California concerns. Thomas Vineyards winery is the oldest in this state and the water company was a pioneer development in this area.

### Bishop Buddy at Dedication

# Sacred Heart Parishioners Build Impressive Edifice

Almost two years in construction by parishioners, Sacred Heart Catholic Church of Etiwanda was dedicated Saturday morning in ceremonies conducted by the Most Rv. Charles Buddy, bishop of San Diego Diocese.

Six monsignors, 33 priests and 400 lay worshippers attended the dedication ceremonies, with the Most Rev. Buddy giving the dedicatory sermon.

Church dignitaries included Monsignors Thos. Matthews and Daniel Ryan, San Bernardino; Peter Lynch, Riverside; Matthew Thompson, Corona, and William Casey, Ontario. Also present was the Rev. Vital Vadusek of San Francisco, a priest of Slavinian descent who visits the Etiwanda parish twice yearly.

**Organized In 1953**

Organized in April, 1953, by the Rev. Francis Horvath—who has guided the parish in its growth to 103 member families and the new church and parish house with a valuation estimated at more than $100,000, in addition to the value of the 22½ acre site—the parish started construction on its new edifice in Feb., 1957. The parish house was built first, at a cost of $15,500.

Twenty-two months, $35,007 and thousands of hours of volunteer labor later, the parishioners have realized an unusually handsome church of pumice block construction with bar tile roofing and decorative wrought iron grillwork. The actual cost of the church to the parish is estimated at one-half to a third of its real value.

**Seating for 450**

The spacious interior seats 400 worshippers, with a large choir loft capable of accommodating 50 or more. Colored glass windows provide a cathedral atmosphere to the vaulted interior.

The sanctuary is enhanced by black marble veneered walls, with the altar, utilizing the same material, a gift to the parish from Dr. Dan Ticinovich of Fontana, who will soon be building a new home within the Etiwanda parish boundaries.

**Memorial Windows**

Wrought iron has been used extensively throughout the church, the hand work of a parishioner, Walter Herweg. The wrought iron chandeliers, of unusual beauty, and church windows were donated to the parish as memorials, according to the Rev. Fr. Horvath, pastor.

James Herraro of North Hollywood, who attended the dedication, drew the church plans as a gift to the parish. In addition to the church proper, the building includes a vestibule, sacristy and mother's room.

Old facilities of the church, located immediately adjacent on the Foothill frontage property about one block west of Etiwanda Ave., will be used as a parish hall.

**School Next Project**

Next project for the parish will be initial construction on an elementary school plant—to start next fall. First stage of construction will provide four classrooms for one through fourth grade classes, immediately north of the church. On completion, this basic unit will be added to at the rate of one classroom per year until facilities for an eight-grade school are provided to serve the Catholic parish.

Almost every man of the parish was a volunteer laborer on construction of Sacred Heart Church, according to the Rev. Fr. Horvath, with William Myer and Victor Urana working on the project from beginning to end.

956 persons were killed in Calif. traffic accidents during 1957 in which one or more drivers had been drinking. This is an increase of 3.4 per cent compared to the 925 victims in 1956.

# Supervisors To Hear Zone Petitions

Two commercial zoning requests in Cucamonga District will be heard in public hearing by San Bernardino County Board of Supervisors Monday, Dec. 22. One of the parcels is located at the northwest corner of Foothill Blvd. and Vineyard Ave., and the second is located on the north side of Base Line, 330 feet east of Amethyst Ave., in Alta Loma.

Clifford H. and Webster H. Thomas seek C-2 general business zoning for their Foothill frontage property, now zoned R-2 for two family residence but originally zoned commercial. The change in zone was effected when the master zoning map of the county was adopted.

This rezoning request will be heard by the Supervisors at 3:30 p.m. on the 22d.

A change from R-1 single family residential and M-1 limited manufacturing to C-1 neighborhood business district is sought by Messrs. Hudson, Pope and Ralphs for their Base Line frontage property. The public hearing has been set for 2:15 p.m. on the 22d by the Supervisors.

## Why Achievement Tests?

By DONALD SHATTUCK
Director of Guidance, Upland School District

Each year in October the four schools of the Upland Elementary School District administer an achievement test to their pupils.

This test covers the major academic areas of reading, arithmetic and language. The California Achievement Test battery is administered for this survey. This is a test widely accepted throughout the United States; in fact, the norms or standards used were obtained on 65,000 children from all grades in many different geographical sections of our country. This point is made in order that readers will understand that a nationally used, highly regarded diagnostic "yardstick" is being employed.

To those of us working in the schools this survey gives valuable data on each pupil's academic status; enables us to pinpoint weaknesses in the "academic armor" and provide suitable remedial work; and gives us an appraisal of our curriculum and the effectiveness of our instructional program. It is for school personnel a valuable part of the total program.

To the people of a community served by a school district the results of such an academic survey should also prove valuable. These results for the recently completed testing were published in last week's edition of this newspaper.

It should always be kept in mind that learning and achievement depend upon the intellectual levels of the learners, among other factors. Thus, such a set of academic results gives to school patrons and taxpayers a clear, comparative picture of the academic level of the children in the schools.

It seems to this writer that at least two important generalizations emerge. First, the people of Upland School District are "investing" tax monies wisely, and, secondly, the professional staffs within the four schools are using the money as a means of providing a high-level program of instruction for the children and youth. Actually, in the final analysis, and assuming competent instruction and adequate learning tools and materials, it's up to the children to take up the learning challenge and do the most they can with it.

## Good News For Uplanders

- Our congratulations to the GRIDDERS . . . for a season well done.
- If you missed the Woman's Club Christmas TOUR OF HOMES, you missed something.
- The CHRISTMAS CLUBS in four banks in Upland and Cucamonga handed out this year to 1500 families a total of $215, 533.12. Whew!
- The Upland News each week carries LEGAL NOTICES that are important to every property owner, and resident; so it's good to read them. We just switched to an 8 pt typeface, which is larger than before, at the suggestion of our readers so they could read them better.
- Now open for business is that MOBIL STATION at E. Ninth and Euclid. It cost $125,000 and shows "class."
- We're glad Uplanders were not nabbed in the NARCOTICS ARRESTS last week. But we shouldn't be complacent. Dope peddlers are criminals of the worst sort, for they enslave youth for life. The scars never heal.

## Jail For Drinking Drivers

There is no excuse to drink and drive at the same time.

The holiday spirit of a New Year approaching does not mean someone may drink and then drive.

We are not preaching against drinking in this editorial, only against combining it with driving.

We think policemen and court officials should be ROUGH on those who deliberately try to drive when they are not capable.

We wouldn't care if a drinking driver killed or injured only himself. Serve him right! But we do care if innocent persons in other cars are injured or killed.

Drunken driving convictions should mean jail sentences automatically.

## Vital Changes In City

Two mighty important changes are taking place in Upland—the railroad crossing over Second Avenue, and the new parking lots in Upland Shopping Center.

Both will make it easier for nearby residents to get into the heart of Upland.

We have noticed that folks everywhere hold great promise for the future of Upland.

Along with the Council, Planning Commission, and School Board, we are happy to be a part of the change that is taking place.

The added direct railroad crossing is vital to getting to the business district. And with the new parking lots, there'll be space for the increase in cars once they get across the tracks.

### Drinking Drivers To Get Special Holiday Attention

Drinking drivers will receive special attention during the December holidays according to plans revealed in Sacramento by the California Highway Patrol and the State Department of Alcoholic Beverage Control.

Patrol Commissioner B. R. Caldwell and ABC Director Russell S. Munro, joining in a two-pronged attack on the drinking driver problem, promise professional enforcement action against all violators.

"Our cooperative enforcement efforts have brought favorable results in the past," Munro declared. "Our agents will again work closely with the Patrol in a determined campaign to control the excessive drinking situation on and off the highways."

**TEDDY ROOSEVELT'S FAILURE: REMOVAL OF THE CHRISTMAS TREE**

Teddy Roosevelt almost rode roughshod over the Christmas tree in his drive to conserve the nation's forests. But two little boys put the Christmas spirit — and the tree — back in the White House.

The Christmas tree was well-established in the United States when TR became president.

Research experts with The World Book Encyclopedia say a Harvard professor named Charles Follen set up one of the first known trees in America in 1832.

President Franklin Pierce put up a tree in the White House in the 1850's to entertain the Sunday school of New York Ave. Presbyterian Church. And President Benjamin Harrison continued the custom in the 1890's.

But some modern-day Scrooges convinced Roosevelt that the cutting of Christmas trees would soon deplete the nation's forests. TR promptly banned the tradition at the White House.

However, the old Rough-rider forgot to consult his young songs. Archie and Quentin cared little about presidential edicts — and less about conservation. They smuggled a tree into the mansion on Pennsylvania Avenue and set it up in Archie's room.

The president relented, and ever since, the White House has had an indoor Christmas tree.

TR's concession also sent the Christmas tree industry soaring beyond the dreams of one of its founders — a Catskill farmer who brought his trees to market in New York City in 1851. And it helped pave the way for a new custom — the community Christmas tree.

In 1924, a Norway spruce was planted near the White House and later dedicated as "a national living Christmas tree."

Two years later, a giant California redwood in King's Canyon national park, named General Grant after the Civil War hero, was dedicated as the "Nation's Christmas Tree."

Reaching 267 feet into the sky from a base 40 feet thick, the tree is the second largest in the world.

Every year, nearby townspeople and visitors join in a holiday service and sing carols at the base of the sequoia, which was growing on the mountain slope when Christ was born in Bethlehem.

## First Parking Dist. Payment Due Jan. 2

Owners of property within Upland Downtown Parking District are advised by City Treasurer Robert Thrall to make their initial Parking District payment before the delinquent date—Jan. 2.

Mr. Thrall reports the statements for the first payment on the cost of purchasing and constructing the parking lots were mailed on Nov. 15. According to provisions of law, penalties will be added to payments not made by Jan. 2.

Several properties within the district have been sold since the assessment date of several months ago, Mr. Thrall reports, but the Parking District assessment statements were mailed to the owner as of the assessment date. The city treasurer requests that former property owners who received the statements either return them to him with the address of the new owners, or forward them to the new owners so that payment can be made before penalties are assessed.

## Be Wary Of Door-to-Door Salesmen

Upland residents were warned this week to be wary of out-of-town or door-to-door salesmen.

Lillian Hilde, secretary of the Upland Chamber, issued the warning.

She said she had received several recent calls from irate and upset residents because of treatment received by this type of salesman.

The quality of the goods, promises made, cost quoted, and similar statements and actions have been found to be wanting, she said.

"We know from experience that if people will buy from businesses located in a permanent office or store they will get more value from their dollars," Mrs. Hilde said. "Trading at home means better service and care, especially if something goes wrong."

There is a rash of sales now going on in the Upland area, that are not bringing happy smiles to the customers, so it is important to know where you are trading, and from whom, she emphasized.

## Myers Tabbed Do-It-Yourself Hobbiest

By Polly Picard

Meet Mr. Do-it-Yourself of Upland High School. Francis R. Myers joined the staff two years ago, and is an instructor of English and arithmetic. His specialty is English.

Mr. Myers has a passion for perfection in his hobbies. He is an expert boat builder. "If it doesn't look like a professional job, I'm not satisfied," he says. He has built and sold several boats. He also likes to build automobiles, and articles of furniture.

He enjoys donning a chef's hat and creating succulent dishes, both over the kitchen stove and the campfire. He relaxes by listening to good music; he loves dancing. He and his wife Barbara, and small son, Kevin, spend their week ends water-skiing. In fact, when asked what his hobbies are, he shrugged and commented, "You name it!" He is good at all of the many activities he is interested in.

Husky Francis Myers is a native of Oregon, and came to this area five years ago. He received his B. A. at La Sierra College, La Sierra, Calif., majoring in psychology. He is working for his school psychologist credential at Long Beach State College. He was with the Quartermaster corps, U. S. Army, during World War II, and served in England, France, and Belgium.

His home is 6858 Chadbourne, Arlington. He was on the staff at Elsinore High School before coming to Upland.

(Signed) Mrs. J. Goodman

Editor's Note: Five miles south of Pomona on Route 71 (extension of Garvey Blvd.) is the site of the "broken home" boy-farm. To obtain a wreath made by the boys, drive to the farm and pick it up there, or mail your order to Boys Republic, Chino, immediately. The prices are $7.50 and $12.50 delivered, for the small and large sizes respectively; less when picked up.

**TIME TO PRUNE AND SPRAY FRUIT TREES**

If the leaves of your peach, apricot and plum trees had small brown spots in 1957, that later dropped out and left holes, it was probably injured by the "shot-hole" fungus. To control this disease, spray with a 5-5-50 Bordeaux as soon as leaves have dropped, according to San Bernardino County Farm Advisor, Chet Hemstreet.

## PINK, WHITE AND GOLD THEME FOR HOLIDAY "AT HOME"

One of the most beautiful of the pre-Christmas parties was an "At Home" held recently in the J. S. Diffenbaugh home, 1685 N. Euclid Ave., with Mrs. Diffenbaugh and her daughter, Mrs. Floy T. Abbott, 1677 N. Euclid Ave., as hostesses.

Approximately 50 guests from Upland and surrounding communities enjoyed the hospitality of the Diffenbaugh home.

In the entrance, a theme of white with touches of gold was used, featuring a white epergne supported by a pedestal of cherubs, and containing golden pine cones, the entire arrangement flanked by candelabra with cathedral white doves, suspended from the ceiling, fluttered.

The reception room was decorated with Della Robbia wreathes, and the dining room, where refreshments were served, featured a theme of pink, white and silver. The tea table was covered with a rosebud cloth in pink and white, centered with a silver compote containing pink, sparkling Christmas tree ornaments, and candelabra with white candles were placed at each side. The dove motif was again used, the doves hovering above the table being suspended from the chandelier. Appropriate, recorded music furnished a background for the entire setting.

Pouring at the tea table were Mrs. J. D. Diffenbaugh of Riverside, daughter-in-law and sister-in-law of the hostesses, and Mrs. E. F. Pelton. Assisting hostesses were Mmes. Owen Feltham, Kerns Overton, Carlton Appleby and Jack Clark.

## Choir "Tells It On The Mountain"

"Go Tell It On The Mountain" is a Negro spiritual often heard here and the Upland College Choir took the lyrics seriously Sunday as they rode the Mt. Baldy Ski Lifts to The Notch to "tell it to the mountain"—the Story of Christmas as revealed in appropriate carols.

The afternoon concert was heard by several hundred visitors to the snowless slopes high above the valley and San Antonio Canyon. The choir sang from within The Notch restaurant but were heard over the mountainside by public address system.

Students of Upland Elementary School were asked to bring canned food to school yesterday to help fill baskets to be distributed to needy families.

This is an annual holiday event, this year titled "Operation Christmas Basket," and is sponsored by Upland Elementary and Junior High School PTAs.

A decorated Christmas tree was placed in the hall of the school, with containers nearby to receive the contributions. Children paraded down the hall to the tree and placed their donations of canned foods in the containers.

## Rebekahs And Odd Fellows Sponsor Children's Party

Silver Link Rebekah and Odd Fellows Lodges are sponsoring an annual children's Christmas party, to be held this evening, from 6:30 to 9 p.m. The party is given for all Rebekah and Odd Fellow children and grandchildren, under 12, who live within the immediate vicinity of the Lodges.

Games will be played and there will be a program, given by the children. All able to sing, recite, dance or play a musical instrument have been invited to perform. Houston Dewey, Odd Fellow chairman, and Bertha Head Rebekah chairman, and their committees are in charge of arrangements.

The Christmas Party is sponsored jointly, but is financed solely by the Odd Fellow Lodge from its "doghouse" fund where monetary contributions are placed each meeting night by members who "goof off" during the meeting.

Refreshments were served at the conclusion of the program.

## Christmas Trees Theme For Woman's Club

Stage decorations, arranged by Mrs. Floyd Chambers, as a background for the Upland Woman's Club program presented Tuesday afternoon, Dec. 9, created favorable comment for the manner in which they followed the theme-for-the-day, "Christmas Trees."

The scene depicted a pine forest in Vermont, with snow laden boughs, and a golden star, representative of the star of Bethlehem, and later when the curtains were completely drawn, a beautiful old-fashioned Christmas tree was revealed. Snow-capped mountains formed the background. In all, it added to the reality of the program presented, with Mrs. R. H. Schulze offering a monologue, "The Littlest Tree;" the U.S. Department of Forestry film, "A Tree Grows for Christmas" and the music presented by the Upland High School Band and Madrigal Singers.

The beautiful foyer decorations, in gold and white, arranged by Mrs. Loren Robinson featured a large white and gold candle, a white styrofoam decorated tree and a golden sprayed cedar branch, all on a background of white satin.

Mrs. C. P. Jacobs, president, introduced the 24 guests and Mrs. Clyde Mackall, first vice president, introduced new members, Mmes. H. W. Ford, Robert Whitaker and Philip Holden.

It was announced that $638 had been realized from the "Tour of Homes" project.

Howard Paulin, Upland Fire Chief, gave a brief talk relating to civil defense and urged Club members to attend first aid classes and keep an emergency shelf stocked and ready for use in case it was needed. He also stated that the Club house has been designated as a food center for personnel, in case of a disaster.

Hostesses in charge of the luncheon were Mmes. D.A. Gannon and Francis Wilson.

Mrs. Richard Manley, program chairman, introduced the speakers, who also included Mrs. E. Tweed Stone, who talked briefly on the tenth anniversary of the "Universal Declaration of Human Rights" and then told of interesting Christmas customs in other lands.

During a business meeting, candidates for San Orco District officers were endorsed.

Miss Velma Owen reported on the County Council held recently at Hesperia, attended by 16 Upland members.

# AN INVESTMENT IN CLEAN AIR

PICTURED ABOVE is the world's largest electrostatic precipitator. Its job is to control smoke at the new Kaiser Steel basic oxygen steel-making plant, a key facility in our expansion program now nearing completion.

This precipitator was designed as an integral part of our new oxygen furnaces. Built at a cost of nearly $5,000,000, it incorporates all of the known techniques in smoke control.

This investment is further evidence of a long-standing policy at Kaiser Steel: we want clean air just as sincerely—just as urgently—as any group in our community.

We have always accepted the principle that whatever can be done *should* be done to control smoke and dust. Over the years we have spent more than $14,000,000 on the development and installation of equipment to help carry out the task.

In all of these efforts, we make no claim that we have completely eliminated smoke from our plant. It is impossible to produce steel without making smoke. We do say, however, that our continuous air purification program has already controlled most of the smoke involved in steelmaking. We know of no steel mill in the country that has done a better overall job.

In the interest of our neighbors . . . and to help assure that agriculture and industry will prosper in San Bernardino Valley . . . we will continue our efforts to find further ways to keep air pollution from our plant at an absolute minimum.

Following the program, the meeting was adjourned by Mrs. Arthur Bridge, president, and members enjoyed a pleasant social hour, during which the hostess, Mrs. Craig, served tea from a beautifully decorated table.

# Modern Hostesses Learn Desserts

Holiday hostess preparations are climaxing the work in the Chaffey College Home Economics class, The Modern Hostess, a day class for adults instructed by Miss Frances Hemenway of Upland. To illustrate unusual desserts, the class recently made and served Flaming Peach saute, a chafing dish sweet. In the demonstration, the hostesses serving (left to right) included Mrs. Joseph Powers, Mrs. Rodney Anderson and Mrs. Fred Gattas, all of Upland.

# Guests Greeted at Holiday Ball

Mr. and Mrs. Paul Gardner Jr., right, are welcomed to the Mistletoe Ball by Mr. and Mrs. Thomas Dugan during the formal holiday dinner-dance Friday night in Red Hill Country Club. ## Mistletoe Ball Holiday Season Highlight

Assistance League of Upland ushered in its holiday social season with the annual Mistletoe Ball held Friday evening in Red Hill Country Club, with approximately 250 guests attending.

While the Club house presented a fantasy of gold, the old fashioned Christmas tree added its welcome to tradition, midst all the glitter.

Dinner preceded the dancing. In charge of reservations at the door were Mmes. Edgar Summerhays and Richard Duvall, chairmen, assisted by Mmes. Harold Royaltey, George Chalfant, John Mortensen, Frederick Gattas, Wendell Close, Don Smith, Gilbert Extale, Leslie Boyd and Norman Maxwell.

Receiving guests prior to the dinner hour were Messrs. and Mmes. Leslie Boyd, Alan Swinler, Wendell Close, Thomas Parker, Rolph Fairchild, Clifford Downing, David Armstrong and Robert Walline.

Wild rice is not really rice at all. It is a grass and is raised principally in Minnesota and Wisconsin.

# Poinsettia Blossoms Festoon Church Parlor For Ruth Ann Circle Party

Exchange of white elephant Christmas gifts was the climax of the evening.

During the social hour which followed, the refreshment table spread with a cloth of red net over red taffeta, was centered by a beautifully decorated Christmas cake, flanked on either side by Yule candles. Serving as hostesses were Mmes. Maynard Hancock, Dale Delozier and Charles Adams.

Other members present were Mmes. Robert Erickson, Clarence Calhoun, Alan Bescoby, Neal Carter, Andrew Pollick, Kenneth Robbins, Merrill Moore, Lloyd Tiberg, John Funk, Edwin Behm and Paul Hershey. Mmes. Mel Hodell and Donald George were special guests of the evening.

## Science Club Will Restore Canyon Area

UHS Science Club has obtained permission to restore Stoddards Canyon from the U. S. Forestry Service, the San Bernardino County Flood Control District, and Mrs. Ethel Garland, owner. Mrs. Garland is the daughter of the late Mr. William Stoddard, original settler of the canyon.

The canyon, located at the mouth of the San Antonio Canyon, once was capable of supporting life and shelter for a large family; later there were five homes in the area.

The fire of 1954 and the resulting flood of 1955 completely burned and washed out the homes.

The Science Club has the following objectives in launching this project:

1-To restore a portion of our natural heritage to its natural condition.

2-To provide opportunity for natural science students to carry out the practical projects on their own.

3-To set up a wildlife area for the elementary schools of the Chaffey District, to learn about the natural sciences.

4-To discover first hand the workings of the U. S. Forestry services, the county flood control districts, and the U.S. Corps of Engineers.

## Annual Red Hill Christmas Golf Tourney Today

Annual Red Hill Country Club Ladies Christmas Tournament will be played today on the Red Hill fairways, with 33 entrants to play 18 shotgun holes of golf before a luncheon and awards ceremony.

Hostesses for the event are Mrs. Thomas O. Brandon of Red Hill, Mmes. J. K. Wilkinson and Clarence Perrin of Pomona.

December play in the Red Hill Bowl tournament took place Thursday when Mrs. Norman Springer and Mrs. O. H. Shelton tied with net 74's. In a play-off Friday, Mrs. Shelton won the honor of having her name engraved on the silver bowl trophy as one win toward the three necessary for permanent possession. There has been no double win on the current cup to date.

## Glendora Win Is Second Over Upland

Accuracy from the free throw line and from outside a Highlander zone paved the way for Glendora last week as the visiting Tartans captured their second straight non-league win over Upland High School, 56-49.

Guard John Grace potted 19 points but the Tartan heighth was too much for the Highlanders.

John Grace was again high man, this time with 21 points and he tied the game three times to lead the Highlanders in the scoring department.

# Sierra Vista Classroom Programs Before Holidays

Friday, the final day of school before Christmas vacation, will see class programs in the separate rooms at Sierra Vista School, according to principal Jesse Jensen.

Parents are invited to see the classroom Christmas presentations and as some classes are on half-day session, it has been necessary to have various starting times for the programs.

Mr. Jensen said it was not possible to arrange the starting times so that every parent might see all the pupils in each of the programs, but the teachers and students hope that the schedule will facilitate parents in planning attendance in each classroom of their own children.

The schedule of classroom programs follows:

Mrs. Reisner, Kindergarten room one, 11:15 a.m.; Miss Walker, room one, 11:30 a.m.; Mrs. Head, room five, 11:30 a.m.; Mrs. Pond, room four; Mrs. Unruh, room three; Mrs. Fehr, room two-A, and Mrs. Croghan, auditorium, all at 12:50 noon;

Mrs. Burgan, Kindergarten room one, 1 p.m.; Mrs. Johnson, room six; Mrs. Young, room two; Mrs. Cooper, room seven, Mrs. Wheeler, room eight; Mrs. Cherbak, room 12, Mr. House, room nine, Mrs. Kiessling, room 10, and Mr. Dawes, room 11, all at 1:30 p.m.;

Mrs. Latimer, room five, and Miss Gibson, room one; both at 3:30 p.m. Friday.

Christmas vacation at the school begins Saturday, Dec. 20, and continues through Sunday, Jan. 4, with students returning to school Monday, Jan. 5.

## District PTA Newsette Lauds Local Units

In the December issue of "The Arrowhead," newsette of Fifth Dist., San Bernardino Co. PTA, the Baldy View PTA was cited for its publication of a calendar for the month in its newsette. It serves to remind parents of coming events, so that they may plan their future dates.

Upland Junior High School PTA was mentioned for printing the minutes of its meetings in the newsette and they are corrected or approved as printed, at the meeting. They find that parents can no longer use the excuse that "they don't like to listen to the minutes being read" when they attend meetings.

Alta Loma PTA contributed this - 'The difficulties in life are meant to make us better, not biter."

# Light Of The World Festival In Final Week Of Rehersal

"Festival of the Light of the World" to be presented in Gardiner W. Spring Auditorium, Tuesday evening, Dec. 23, 8:30 p.m., under the direction of Crodelia Story Hutchinson, is going into its final week of rehearsal.

Thirty trained voices, who have been singing together for the past 10 years as Euclid Community Singers, directed by Mrs. Hutchinson, will present the musical masterpieces depicting the miracle of the birth of the Christ child, in eight party harmony, and feature nine outstanding soloists from the Upland-Ontario area, including Margaret Breeding, soprano, and Eugene Penner and Francis Wilson, tenors.

A series of nine living art pictures, presented in a three part golden frame representative of the Italian Renaissance period, will portray scenes of the early altar paintings of that period. Local residents participating in this tableaux presentation include Dr. and Mrs. Frank Hutchinson as Mary and Joseph; Derril Quaschnick as the angel Gabriel; James Galanis, Albert Holmer and Frances Jensen as wise men and Herbert Swinney, Thomas Peters, Richard Newton, Arnold Anderson and Allan Smith as shepherds.

Douglas McClellan, noted artist, will be in charge of the living art picture presentation, assisted by Gretchen Lizer, dramatic director of Chaffey College, and narration of the Bible text will be given by William Simonson, public speaking instructor at Chaffey High School.

**Wilson's Solos**

Mr. Wilson, as a featured soloist, will sing "Comfort Ye My People" by Handel, during the early part of the program and "Lonely Shepherd" during the "Adoration" scene, with flute obligato. Mr. Penner will be featured soloist for the 'Annunciation," singing the narration.

The program is divided into five parts, namely Prophecy, Annunciation, Fulfillment, and Adoration and Joy to the Light of the World. It was so well received in it's first presentation last year during the holidays, that it was decided to again offer this outstanding program this year.

THE ANNUCIATION scene, one of the living pictures to illustrate the singing of the "Festival of the Light of the World" Tuesday night, is enacted by Don Bangle, Pasadena College freshman from Alta Loma, and Mrs. John A. Armstrong Jr. of Red Hill.
